

BUTTE COUNTY 4-H INSTRUCTIONS FOR FAIR PARTICIPATION

A 4-H project provides learning opportunities that broaden a member's knowledge and experience. It is recommended that all youth strive to grow with their projects. The following guidelines are to ensure that those members who enjoy the privilege of exhibiting at the fair are active in their 4-H club, project groups and county events.

Attendance:

Attend a minimum of 80% of community club meetings as well as 80% of project meetings. Youth can make-up a reasonable number of meetings at the discretion of their project leader &/or their community leader.

Members who plan to enter both fairs and enter different projects will sign up for each project at the beginning of the year and attend 80% of each of the project meetings.

Participation:

1. Participate in 3 County-designated events (see Cloverleaves for current listing).
2. Give a Presentation at the County level (Presentation Day, Rainbow Crafts Day or Foods Fiesta) for all members 2nd year and above.
3. 1st year members will give a Presentation at the project or community club level.
4. Members 2nd year and above will have turned in their Record Book the previous year.

More Important Information:

Only members 9 years old or in the 4th grade by Dec. 31st of the current 4-H year may participate in large animal projects. Project work cannot start in anticipation of grade or age change. Members new to the 4-H program must enroll in the club and project prior to Jan. 1st of the program year and meet the 80% rule for the remaining club and project meetings. Returning 4-H members will enroll in the project at the beginning of the 4-H year and meet the 80% rule.

I understand that the above must be completed by the closing date of the intended Fair.
